FORUM ALUMINIUM | JULY 4-6, 2023

This is the first edition of the **FORUM ALUMINIUM** conference, to be held over three days covering all aspects of **material development, aluminium processing, process optimization and new technologies**. This edition's special focus is on **energy management and sustainability**.

Don't miss out on this chance to see the who's who of the international aluminium industry all coming together in one place. You can expect **informative talks** on the latest research results & market developments and **guided tours to aluminium manufacturing sites**. These will be culminated by a **cultural and culinary side program**.

All details on the event can be found at: www.forum-aluminium.com

We look forward to your participation!

Glanzstoff site, Herzogenburger Straße 69, 3107 St. Pölten, Austria
Cityhotel D&C St. Pölten, Völkplatz 1, 3100 St. Pölten

Please note that admission to the event is only possible with registration and confirmation of registration.
Please visit www.forum-aluminium.com/conference-registration for details.

Coronavirus measures: current provisions shall apply. These will be announced on the website in a timely manner.
